

# Introductory Statistics

## 2025 Lectures Part 1 - Introduction

Institute of Economic Studies  
Faculty of Social Sciences  
Charles University in Prague

- (i) Syllabus
- (ii) Requirements

## Block 1

W1 Lecture 1 (18.2.2025) Introduction & Data and Statistics

W2 Lecture 2 (25.2.2025) Descriptive Statistics (part 1)

W3 Lecture 3 (4.3.2025) Descriptive Statistics (part 2)

Pre-recorded Seminar 1 | Descriptive Statistics in Excel

Pre-recorded Seminar 2 | Descriptive Statistics in R

HW1 assignment

W4 Control Session 1 (14.3.2025)

## Block 2

W4 Lecture 4 (11.3.2025) Sample Space (part 1)

W5 Lecture 5 (18.3.2025) Sample Space (part 2) & Probability  
Pre-recorded Seminar 3 | Sample Space

W6 Lecture 6 (25.3.2025) Counting  
Pre-recorded Seminar 4 | Probability and Counting  
Control Session 2 (28.3.2025)

## Block 3

W7 Lecture 7 (1.4.2025) Conditional Probability (part 1)

W8 Lecture 8 (8.4.2025) Conditional Probability (part 2)

Pre-recorded Seminar 5 | Conditional Probability

HW2 assignment

Control Session 3 (11.4.2025)

## Block 4

W9

W10

W11 Lecture 9 (29.4.2025) Sampling Techniques

W12

W13

# Grading Requirements

- Home assignment 1 (W3) – 18 percent of the grade
- Home assignment 2 (W10) – 10 percent of the grade
- Exam Part 1 - Written Test – 60 percent of the grade
- Exam Part 2 - Discussion and Oral Examination – 12 percent of the grade
- Book reading and Active work

Minimum requirement is 30.5 percent of the grade from the written test (strictly more than 50% of the component)

A 91% – 100%

B 81% – 90%

C 71% – 80%

D 61% – 70%

E 51% – 60%

F 0% – 50%

# Time Requirements

- The credit load of **3 ECTS** corresponding to **90 hours** of students' work:
  - participation lecture time including online videos – **12+2 hours**
  - participation seminar time online videos – **5 hours**
  - participation control sessions – **4 hours**
  - time anticipated for work on home assignment 1 – **18 hours**
  - time anticipated for work on home assignment 2 – **10 hours**
  - time anticipated for exam preparation – **25 hours**
  - exam – **2 hours**
  - time anticipated for additional home study and reading during the semester – **12 hours**

# Exam dates - TBA by mid April

May Three examination dates

June Two examination dates

September One examination date

- relevant for Blocks 1 and 4:
  - SWEENEY, D.J., WILLIAMS, T.A. and ANDERSON D.R. Fundamentals of Business Statistics. 6th edition, Cengage Learning, 2011 ISBN 978-1-111-22127-0 (chapters 1, 2, 3, 7)
- relevant for Blocks 2 and 3:
  - BARTOSZYNSKI, R. and NIEWIADOMSKA-BUGAJ, M. Probability and Statistical Inference. 2nd edition, Wiley, 2008, ISBN 978-0-471-69693-3 (chapters 1, 2, 3, 4)
  - MITTELHAMMER, R.C. Mathematical Statistics for Economics and Business. 2nd edition, Springer, New York, 2013, ISBN 978-1-4614-5021-4 (chapter 1)
- for detailed reading instruction and additional sources see the webpage of the course in SIS

# Use of LLM/AI tools during the course

- The use of AI-powered tools (ChatGPT, Bard, Claude, Copilot etc) and other commercially available LLMs is strictly prohibited when completing
  - home assignments
  - written and oral exams

Violations may be considered academic misconduct and subject to disciplinary action. You are expected to demonstrate your own understanding and critical thinking in all submitted work.

- The use of AI-powered tools (ChatGPT, Bard, Claude, Copilot etc) and other commercially available LLMs is not recommended to be consulted on the content of the class during home study
- exception - virtual teaching assistant: All Day TA - class Introductory Statistics
- link and terms of use will be sent to all registered students via email at the end of the registration period
